**LIST OF DOCTORS, DENTISTS & HOSPITALS
in the Consular District of Vancouver
(as of October 2007)**

This report is for health related services available in the Province of British Columbia and the Yukon Territory.

For the metropolitan area of Vancouver (West, North, West End, and Richmond), Victoria, and Whitehorse (Yukon Territory), we have attempted to list two family physicians and two dentists in addition to the main hospitals.

The following referral organizations can provide the names of physicians and dentists located in the metropolitan area of Vancouver, rural areas, and major towns along the Alaskan highway which are visited frequently by American tourists: the British Columbia Dental Association, telephone number (604) 736-7202 or 1-888-396-9888 and the College of Physicians and Surgeons of British Columbia, telephone number (604) 733-7758 or 1-800-461-3008.

Detachments of the Royal Canadian Mounted Police (RCMP) are located throughout British Columbia and the Yukon and can always be contacted to provide assistance and information in a medical emergency.

The need for health care insurance for travelers and potential landed immigrants (legal residents) coming into the Province of British Columbia is a must. The provincial government of British Columbia has an extensive Hospitalization and Medical Services Plan for permanent residents living in the province. There is, however, a mandatory waiting period of ninety (90) days following the arrival of a landed immigrant into the province before an individual can qualify for the plan. Visitors (non-immigrants) are not eligible for the provincial government sponsored hospital and medical services plan and should therefore make sure that their medical insurance provides adequate coverage while overseas or obtain medical insurance protection for international travelers.

The U.S. Consulate General in Vancouver, B.C., Canada, assumes no responsibility for the professional ability or reputation of the persons or medical facilities whose names appear on this list.
